7 Basic Points Govern How We Work:

1. *We never take risks with client money that we wouldn't take with our own. All of our liquid assets are managed by MWG*
2. *We pay the same fees you do. It's a good discipline*
3. *We believe we will generate long-term returns that exceed the market. We will be fully invested at all times*
4. *We don't care about "what's hot". We care about what makes money in the long-term*
5. *Clients are entitled to a comfortable level of service. For some, this means frequent discussions, for others there is little need for constant contact. Each type of client is equally important to us*
6. *There is no extra fee for "performance". Isn't "performance" what our clients hire us for in the first place?*
7. *Our investment decisions are made through company-specific fundamental analysis. Evaluation of management is critical to our investment process.*
